Annie Jr. Play

By Navya Patel

Annie Jr. is a play held by Ms. Hartman and Mrs. Weyant. The grade levels that participated in this were 5-8th. Everyone who participated in this got a role from main characters to ensemble. Since I am a part of this play I have to say so far we are doing really well, like even the people who got ensemble parts do so much. From my perspective, play practice is super fun but also everyone practices so much, that we got so much done so far. This play will be great! The play will take place in the Bernstein Theater at the end of May or the beginning of June. Everyone should come, in my opinion this play will be really good.
